

## Reds Advance Near Shanghai

### Red Troops Are Circling Big Sea Port

Shanghai, April 28—(AP)—Three communist spearheads were moving towards Shanghai and the Hangchow sector tonight, but at a cautious pace.

Best available reports through the nationalist garrison command said a column of about 4,000 Red troops was edging towards Shanghai from Soochow (Wuhsien) on the west and was about 40 miles from this great city.

Communist activity of unspecified nature was reported from Weitung, 40 miles west of Shanghai, but the village of Chenyi, three miles nearer Shanghai, reported no communists yet seen there.

**Following Railway**  
A somewhat smaller communist column was reported following the railway southeast from Soochow towards Kashing, 40 miles from Soochow. Kashing, a railway junction joint 62 miles southwest of Shanghai, is the key to Hangchow, 59 miles farther southwest.

The third communist force, of unknown size, was moving overland towards Kashing from the east and was last reported about 30 miles away.

Once Kashing falls, Shanghai will be sealed off by land. Trains still were operating to Hangchow via Kashing during the afternoon.

The communists took Soochow early Wednesday, so their advance (no more than 10 miles) since then has been slow.

**Taking Their Time**  
It appeared that they were taking their time towards Shanghai in particular, possibly because they want an adequate occupation force when they enter.

Shanghai, with a population estimated at more than 5,000,000, is a widespread city. Many men would be needed to take it over, even without opposition.

An estimated 10,000 nationalist troops left Shanghai by sea Wednesday, but there appeared to be no troop movements tonight.

Shanghai gendarmes and garrison troops have arrested a number of looters in the Putung Wharf district across the Whangpoo river east of the city in the past 24 hours, but Shanghai appeared generally quiet.

Garrison sources said Generalissimo Chiang Kai-shek had left Wednesday aboard a destroyer for the southern port of Amoy.

Three evacuation gates from this threatened city were slowly closing. Most of the foreigners remaining were here to stay, come what might.

## Say Doctor, Head Of Abortion Ring, Committed Suicide

Chicago, April 28—(AP)—A coroner's jury returned a verdict today of suicide while despondent in the death of Dr. Edward Rosenzweig, 51, who police said was involved in an abortion ring.

His death was attributed to barbiturate poisoning.

Mrs. Nerna Rosenzweig, the widow, testified her husband used the drug frequently because he had difficulty in sleeping. She said he was not the type who would have committed suicide. She said she believed her husband taxed his heart by overwork then died.

Dr. Rosenzweig died March 17. He owned the Douglas Park hospital.

A few hours before his death an investigation into the death of Dr. Robert Danks, 29, involved Dr. Rosenzweig. Mrs. Danks' body was found on a road in northern Indiana Feb. 17.

The investigation led to the arrest of Mrs. Olive Jones, 40, a Chicago housewife. She is charged with murdering Mrs. Danks by abortion and goes on trial June 6.

## Reports Flier Saw 'Flying Saucer'

Michigan City, Ind., April 28—(AP)—A Michigan City radio "ham" said today an aviator flying over this city had reported sighting a "flying saucer" while in flight.

The radio "ham," Floyd Zerber, told a newsman that the aviator identified himself as Lean A. Faber, a Sandwich, Ill., business man flying from Peoria, Ill., to Lansing, Mich.

Zerber said it was a one-way conversation as he was unable to talk to the flier.

Zerber quoted the flier as saying he sighted the "saucer" at an altitude of 3,000 feet. Faber described the object as "a big aluminum disc," and said "it couldn't be a weather balloon as it is traveling against the wind."

## House To Probe Admission Limits Of Medical School

Springfield, Ill., April 28—(AP)—A negro legislator today won House approval of an investigation of "admission practices and enrollment limitations" at the University of Illinois College of Medicine in Chicago.

The sponsor, Rep. Corneal Davis (D-Chicago) told a reporter he wants to find out why an average of "only two negroes" were among the 165 students of the college has admitted annually during the last four years.

He said he has "no specific complaint." His resolution was adopted by the House on voice vote and sent to the Senate.

It says that enrollment limitation is a necessary policy because of overcrowded conditions "but this policy is susceptible to grave abuses and may permit favoritism and discrimination."

It also says many qualified applicants have been denied admission "for reasons not always clearly expressed."

Davis said there is a great shortage of negro physicians and that many of them are educated outside Illinois.

## Lie Test Clears Daughter In Death Of Mrs. Grinde

Chicago, April 28—(AP)—A voluntary lie detector test today showed Alice Grinde, 27, had no knowledge of who committed the scissor-slashing of her mother, Mrs. Hazel Grinde, 57.

Police Capt. Patrick O'Connell said Miss Grinde underwent nearly two hours of questioning.

She had been away Tuesday evening when her mother was slain in their apartment. Miss Grinde discovered her mother's body upon her return from the home of friends.

Earlier, Joseph Carey, 54, landlord of the building, and his wife, Ollie, submitted to lie detector tests, which showed neither had knowledge of who committed the crime, O'Connell said.

O'Connell said he believed "definitely" Mrs. Grinde admitted the slayer to the apartment without suspicion. The intruder followed Mrs. Grinde into the bathroom, O'Connell theorized, then inflicted several stab wounds with a scissors.

A big van, the crate and four zoomen came here from Ohio a week ago today to take her back. Since then she'd been on strike, refusing to budge into the crate.

"For a while it looked like she wouldn't give in today," Robert Bean, Brookfield zoo director, reported. "It took us 74 minutes from the time we put out the food until we alarmed the gate in back of her."

The salad that broke her willpower consisted of garlic, onions, bread, grain mash, bananas and "just about everything else we could think of," Bean said.

Bubbles sniffed at the concoction and walked halfway into the crate. It mustn't have smelled so good the first time. She backed out. The zoomen figured on a few more days of waiting. Then she strode in again. When her pig-like tail slipped over the line, the gate was closed.

**CIO-UAW Sanction  
Strike Of 6,000  
At Ford Plant**

Detroit, April 28—(AP)—A strike of 6,000 workers at Ford's Lincoln-Mercury plant was given official union sanction today to start May 5.

At the same time, however, the CIO United Auto Workers executive board told another 60,000 Ford employees at the Giant Rouge plant to hold back. It said it wanted to investigate speed-up charges there similar to those it said it had confirmed at Lincoln-Mercury.

President Walter Reuther said strike action would be authorized at Rouge "very quickly" if the local union speed-up charges are substantiated.

Company-union talks aimed at ending the dispute are scheduled to resume tomorrow at both plants. The UAW locals at the two plants contend production lines move too fast, endangering the workers' health and safety.

Rank and file members of local unions at both plants had voted for a strike.

**CHEERS MEET MARGARET**  
The Isle of Capri, Italy, April 28—(AP)—A cheering crowd welcomed Princess Margaret today when she arrived in this ancient pleasure resort. The British princess is on a month's tour of Italy.

**ANNOUNCE BACCALAUREATE**  
Carbondale, Ill., April 28—(AP)—Southern Illinois University announced today that Dr. Clark G. Kuebler, president of Ripon College, Ripon, Wis., will deliver the baccalaureate sermon to Southern's graduating class on June 5.

## Truman Hits Unfaithful

### LOAN OFFICE HELD UP FOR SECOND TIME

Peru, Ill., April 28—(AP)—Two gunmen held up a second floor loan company office today and fled with \$1,000 in cash.

Miss Joan Damm, cashier of the Anchor Loan company, was alone in the office at the time.

It was the second robbery since January at the office. On the first visit, gunmen got \$1,100.

**Demos Will Decide  
On Constitutional  
Reform Strategy**

Springfield, Ill., April 28—(AP)—Democratic strategy on constitutional reform is to be decided at a conference Monday night. Governor Stevenson and his assembly leaders are reported planning to decide whether to:

1. Let his constitutional convention resolution win or lose in a second attempt for House passage next week.

2. Abandon his party circle bills in an effort to salvage con with-out the ballot device aimed at winning voter approval of a convention.

3. Throw democratic strength behind a Republican Gateway amendment plan which the Senate okayed yesterday, or bring in a democratic Gateway plan.

Stevenson's advisers appear to be split on what to do. Several believe there is a chance that con can pick up the five votes it lacked when it failed to pass the House two weeks ago.

**Biggest Sitdown  
Strike In History  
Yields To 'Salad'**

Chicago, April 28—(AP)—One of the biggest sitdown strikes in history ended today. Bubbles, 1800 pound hippopotamus, yielded to a fancy meal.

Her surrender to the bait, placed in a crate in which she is to be shipped to Columbus, O., ended a week of her toying with patient officials of the Columbus zoo and her home, Brookfield zoo.

A big van, the crate and four zoomen came here from Ohio a week ago today to take her back. Since then she'd been on strike, refusing to budge into the crate.

"For a while it looked like she wouldn't give in today," Robert Bean, Brookfield zoo director, reported. "It took us 74 minutes from the time we put out the food until we alarmed the gate in back of her."

The salad that broke her willpower consisted of garlic, onions, bread, grain mash, bananas and "just about everything else we could think of," Bean said.

Bubbles sniffed at the concoction and walked halfway into the crate. It mustn't have smelled so good the first time. She backed out. The zoomen figured on a few more days of waiting. Then she strode in again. When her pig-like tail slipped over the line, the gate was closed.

**Reserve Minimum  
Of Federal Banks  
Lowered By Board**

Washington, April 28—(AP)—The Federal Reserve Board tonight lowered the reserve requirements of 7,000 member banks by \$1,200,000,000 making more money available for lending.

This was the fourth step taken by the board in two months to combat developing deflationary forces as reflected in lowered prices, production, sales and employment.

The lowered requirements will become effective next week.

The reduction in the amounts that various classes of banks must turn over to the federal reserve banks as reserves—thereby freeing them of the lending stream—was as follows:

New York and Chicago banks—the proportion of checking account deposits which must be kept in reserve is cut from 26 per cent to 24, effective May 5; the proportion of savings deposits required to be held as reserve is reduced from 7 1/2 per cent to 7, also effective May 5.

**Masses Conducted  
For Mussolini**

Rome, April 28—(AP)—Masses were conducted in various Italian churches for Benito Mussolini today, the fourth anniversary of his death.

Members of an avowedly pro-Fascist party, the Italian social movement (MSI), attacked Associated Press photographer Remo Nanni and destroyed his films after he took pictures of them leaving the service at the Saint Agostino church in Rome.

**BONUS CHECKS**  
Chicago, April 28—(AP)—Four hundred forty Illinois soldier bonus checks worth a total of \$75,848.24 were mailed yesterday. To date the state has paid out \$309,237,076.44 among 420,199 veterans from downstate and 431,599 from Cook county.

## Labor-US Security Funds Ordered Cut By Senate Ballot

Washington, April 28—(AP)—Economy forces grabbed the reins in the Senate today and sent the \$2,400,000,000 labor-federal security appropriation back to committee to be cut.

The upset roll call came on a motion by Senator Taft (R-Ohio) who pleaded with the Senate to establish a "general pattern" of spending cuts, less higher taxes "destroy the free enterprise system."

Eight Democrats joined with a solid front of Republicans in the majority to make the count 44 to 37. The bill to finance the Labor department and the security agency for the fiscal year beginning July 1 was the first regular appropriation measure to come up in the senate this session. Taft and other backers of reductions told their colleagues they should start with the first such measure and cut them all as they come to them.

The GOP policy committee chairman argued for a 5 per cent cut—about \$124,800,000—in the funds provided for administrative costs. He said he wished it could be 10 per cent. And he made it specific that he wanted 10 per cent out of the appropriation for the recently authorized \$5,500,000,000 extension of the Marshall plan.

**Says Cost Of New  
Farm Plan Would  
Be 'Staggering'**

Washington, April 28—(AP)—The American Farm Bureau Federation hit at the administration's new farm program today, saying its cost would be "staggering."

Allan B. Kline, president of the big farm organization, told a House agriculture subcommittee that the cost of the new plan would be \$2,480,000,000 on the basis of the most reasonable assumptions yet made.

Kline also said the administration plan would:

Put a "ceiling on opportunity in agriculture," lead to "government supervised and stabilized agricultural production," establish a principle that "taxpayers should pay a considerable portion of the grocery bills of consumers."

In short, he said, it is "a statement of politico-economic philosophy, not a farm program."

Kline proposed that congress stick with the farm law passed last year, but make a number of changes. Several committee Democrats made clear they disagreed with him violently on that.

**Says Reds Staged  
Membership Drive  
In N.Y. Last Year**

New York, April 28—(AP)—A witness at the conspiracy trial of 11 Communist party leaders testified today that the party made a concerted effort last summer to win members in basic New York City industries.

Miss Angela Calomiris, a slender brunette who spent seven years as an FBI informant in the Communist party, said the party strove for members among railroad workers, Railway Express employees, longshoremen and teamsters.

Her own duties in the drive consisted, she testified, in handing out Communist literature to waterfront workers as they appeared for work every morning.

Describing ways in which party recruits were obtained, she said, "you take them to a dinner or a show, or get to talking to them in a cafeteria, give them books to read, get them to come to a meeting, and so on."

**RESEARCHER DIES**  
London, April 28—(AP)—Sir Robert Robertson, 80, director of explosives research at Woolwich arsenal during two world wars, died today.

**Allows Use Of Papers Found  
On Miss Coplon In Trial**

Washington, April 28—(AP)—The Russian, Valentine A. Gubitchev, 32, government said today that notes from a "planted" FBI report—a deliberate fake—were found in the purse of 27-year-old Judith Coplon when she was seized with her alleged Russian sweetheart last March 4.

Miss Coplon, a former justice department employee, is on trial for espionage conspiracy. If convicted, she would face a maximum sentence of 30 years in prison and \$24,000 fine.

Assistant Attorney General Raymond P. Wherry told the jury in federal court that the memorandum used as bait to trap Miss Coplon was prepared by FBI Director J. Edgar Hoover.

In contrast to the government picture of Miss Coplon as a person who carried a purseful of U. S. secrets reports, to clandestine meetings with a Russian, Defense Attorney Archibald Palmer insisted she never meant to harm her country.

He said she was in love with the

## Says Russ Act In Good Faith

### Truman Sees Early End Of Cold War

Washington, April 28—(AP) President Truman today buoyed hopes for an early end to the east-west deadlock over Berlin, saying he believes the Soviets are acting in good faith in negotiations to lift the blockade.

He told a news conference he thinks the situation is encouraging.

Although the president did not go beyond those terse comments they contributed to a growing feeling of confidence here that the thorny Berlin crisis is rapidly nearing a solution.

**Remarks Optimistic**  
Diplomatic authorities, however, interpreted Mr. Truman's remarks as basis for optimism only in regard to the blockade dispute. They indicated that if and when an agreement is worked out to lift the year-old transport carrier blockade from the German capital it will then throw open the broader problems of Germany's future for consideration of the Big Four Foreign Ministers' council.

As the western powers waited for Moscow to make the next move on the Berlin question, these were other developments:

1. Diplomats of six western nations signed an agreement in London setting up international control of Germany's rich Ruhr valley where its prized industries are centered. Russia, which wants a hand in the Ruhr control, was ignored in the new pact signed by representatives of the United States, Britain, France, Belgium, the Netherlands and Luxembourg.

**Says Fact Needed**  
2. Warren Austin, chief U. S. delegate to the United Nations, told the Senate Foreign Relations committee that the North Atlantic Defense pact is needed because Russia has "brazenly" violated its pledges to refrain from use of threats and force against other countries.

Austin said however, that "the balance is swinging toward the forces favoring peaceful progress." He added that realization of this fact is reaching into "the isolation which the ruling class of the Soviet Union has created for itself behind the walls of the Kremlin."

3. An Associated Press dispatch from Moscow said diplomats there considered Russia and the Western Powers have made a start toward a new stage of mutual relations in their negotiations over Berlin.

4. A new incident in Berlin added fresh strain to the delicate east-west relations as the Russians threatened to halt barge traffic from the British sector. Both the Russians and British posted armed guards at three canal locks awaiting a dawn showdown when the barges are due to start moving again. The Russian guard were under orders not to allow any vessels through which do not have Soviet registry.

**Requests Congress  
Authorize U.S.  
Membership In ITO**

Washington, April 28—(AP)—President Truman today asked congress to authorize United States membership in the International Trade Organization.

He called it "an essential forward step in our foreign policy."

Mr. Truman submitted to the Senate and House the charter for an international trade organization prepared by a conference of the United Nations in Havana in 1948. He said it was designed:

To establish "a code of international conduct to guide nations in dealing with the fundamental problems of world trade."

To create an agency, within the framework of the United Nations, "to help implement this code."

Under the charter, the President said, member nations "commit themselves to abide by fair and liberal principles of trade."

**VOTE FOR HEALTH INSURANCE**  
Hollywood, Fla., April 28—(AP)—The General Federation of Women's clubs today voted against compulsory national health insurance and for development of volunteer services.

The 58th national convention passed almost unanimously a much-discussed resolution to this effect.

**WEATHER**  
The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported the temperatures for Thursday as follows: High, 70; low, 43; and at 6 p.m., 66.

Forecast for Illinois—Fair and warmer today, High 75.

## HEALTH PLAN TOO COSTLY

President Truman's public health package, finally unwrapped and presented to Congress, looks no better than earlier reports indicated.

The \$6,000,000,000 annual cost, which would be financed by a 3 per cent payroll reduction (half by the employer and half by the employee) is more than the American people care to assume, especially since they have no assurance that the deductions would cover the whole cost.

In England, experience has shown that one-half the cost is paid out of the general treasury. This came about because of the enormous increase in demands for medical care. A similar result could be expected here, and consequently the government would be faced with the problem of increasing the payroll deduction, rising income taxes or unbalancing the budget.

While it is true that the British people seem pleased with their health plan they never had successful private medicine on the scale enjoyed in this country. Hospitals have had waiting lists for years. Perhaps one reason for their disadvantage in this respect was that their government was gradually compromising with socialism.

Even in this country, however, there are deficiencies in medical personnel and research facilities, and we have no doubt that Congress will take some steps to overcome them. That is as far as the American people care for Congress to go.

## Adult Has A Sense Of Money—Child Must Grow Up To It

BY HAL BOYLE  
New York.—The poor man's philosopher says:

An adult has a sense of money. But a child has to grow up to it. Money isn't as funny to a child as it sometimes can be to a grownup with a sense of perspective.

A friend of mine earns his living in the hours between dusk and dawn. One day his small daughter came to him and said, "You know what the other kids call you?" "The night watchman."

Before he went to bed each morning my friend had a habit of putting the change in his pocket on the bureau top. Then he would joke:

"That's what they paid daddy today."

One day his daughter said to him: "Don't we ever make more than five bucks a day?"

It was only then that he learned his daughter had joined a social class above his own.

On another occasion he forgot to put some change on the bureau top. Before his daughter trotted off to school, she shook him awake and said:

"Why don't they pay you more regular?"

Another friend of mine has a timid son whom he is trying to make into a rugged citizen.

When he complained he had been

## Scouts To Plant 5,000 Trees At Lake Saturday

Boy Scouts and members of the Y.M.C.A. will plant 5,000 trees at Lake Jacksonville on Saturday morning. Members of the various service clubs and the Sportsman's club will assist in the supervising of the Scouts.

The project will be under the direction of Allen Kelly and Ted Pierce. The last effort was canceled due to bad weather.

All persons interested in helping in this project are to report with the Scouts at the Scout office or the Y.M.C.A. at 9 a. m. Saturday with a bucket and spade if possible. Rev. Lewis N. Raymond, chairman of the activities committee for the Boy Scouts, will head the Scout group.

## Take Suspects In Murder Case To State Laboratory

Carrollton.—Handcuffed together and closely guarded, two teen-aged youths who Wednesday confessed to the holdup murder of Howard A. Heininger, were taken to Springfield Thursday for special investigation and tests at headquarters of the Illinois Bureau of Criminal Investigation.

The suspects, Carson Segar, 19, and Curtis S. Chapman, 18, against whom murder charges have been filed, were taken to Springfield in custody of Sheriff Arthur Powell, State's Attorney L. A. Mehrhoff and other officers. Officials did not disclose the nature of the tests.

Both youths are said to have confessed to shooting Heininger, a Jerseyville insurance man, after he gave them a lift in his car. They said they obtained \$10 from the holdup and slaying.

The Devotional was a playlet, "The God I Know," presented by Mrs. Anna Blair, Mrs. Veta Oswald, Mrs. Anna Vick, Mrs. Hettie Cowper, and Mrs. Vick. Roll call was answered by suggesting a plan to work out in a garden, lawn or home this spring.

"Missions" was described by Mrs. Jessie Terhune, with Chapter 5 of "China" being presented by Mrs. Vick. The missionary prayer was offered by Mrs. Hettie Cowper. Refreshments were served by the

hostess during the social hour. A family dinner, honoring Mrs. Wayne Steelman on her 30 birthday, was held Sunday at the home of her sister, Mrs. Claude Haney.

Those present were Mrs. Cora Bain, Mr. and Mrs. Carl Bain, daughters, Shirley and Marilyn, of Patterson, Glenn Steelman, of Macomb, Mr. and Mrs. Wayne Steelman, sons, Tommy and Teddy, and Mr. and Mrs. Claude Haney.

**Pinochle Club Meets**  
The Zion's Neck Pinochle club met at the home of Mrs. Eva Young Friday afternoon, April 22nd, with eight members present. High score was awarded Mrs. Lola Bowman, low to Miss Maxine Benton, and floating prize to Mrs. Hester Benton. Refreshments were served by the hostess.

Next meeting of the Club will be with Mrs. Evelyn Young, May 6th. The interior of the town hall is having its woodwork repainted and its walls re-papered this week, with Tracy Anson and Finas doing the work.

The roof of the post office is being covered with new fire-proof shingles this week, with Cliff Lewis and Dean Sherwin doing the work.

### Quits Shanghai

Rear Adm. George Crawford, commander of U. S. Naval forces in the Shanghai area, was ordered to speed from the city threatened to cut the Whangpoo River, only outlet to the sea. The sudden departure of the fleet left over 2000 Americans stranded in Red-menaced Shanghai.

### Annual Flower Show Sponsored By Ashland Club

Ashland—The annual spring flower show sponsored by the Garden Committee of the Ashland Woman's club was held Tuesday afternoon in the library basement, the room being very pretty with the table settings and beautiful flowers on display. A trellis over the serving table belonging to Mrs. R. A. Newell added much to the setting. There was no judging this year of the flowers.

The business session of the club was held on the first floor of the library at 2:30. An election of officers was held for the ensuing year, and all committee chairman were named as follows: President, Mrs. R. S. Ranes; first vice-president, Mrs. Carl Lind; second vice-president, Mrs. W. E. Leahy; assistant recording secretary, Mrs. Jack Gardner, corresponding secretary, Mrs. Walter Remerschied; art chairman, Mrs. John Leahy; courtesy, Miss Elsie Carls. Education, Mrs. Roy Monroe; International Relations, Mrs. Lester Edwards; Membership, Mrs. H. A. Votsmier; Social, Mrs. Fred Walbaum; Health, Mrs. Roy Stice; Music, Mrs. Leo Reiser; Publicity, Mrs. T. P. Leahy.

### Plan Luncheon May 10

Tuesday, May 10, has been set for the annual spring luncheon to be held at the Washington Park, Springfield, at 12:00 (CST). All reservations must be in by Saturday, May 7, to Mrs. Francis Newell. A year's report of the club's activities for the year were given by Mrs. Sam Anderson.

The following musical program was given by talent from the Pleasant Plains high school, with Miss Marilyn Hayes, music instructor, directing; vocal duets by Mary Alice Brown and Lorraine Mason; violin numbers were played by Pat Hodgins, solo by Mary Alice Brown; piano number of Carole Purvine; two vocal solos by Miss Marilyn Hayes.

Hostesses for the social hour were Mrs. Lester Riley, Mrs. John Wolaver, Mrs. E. J. Hewitt, Mrs. Walter Adkins, Mrs. Roy Darin, Mrs. J. J. Leahy, Mrs. Andrew Fox, Mrs. Fred Gilbert and the Misses Kate Gilbert, Orpha Watts and Julia Hewitt.

## India Plans Himalayan Science Station

New Delhi—(P)—The Government of India plans a multi-purpose laboratory and a scientists' colony on a Himalayan mountain top.

The proposed laboratory would have separate departments dealing with: (1) snow and glaciers and their contribution to Indian rivers; (2) astronomical and astro-physical observations; (3) cosmic rays; (4) constitution of the upper atmosphere; study of solar radiation, meteors, mother of pearl clouds; (5) geology and geo-physical observations; (6) meteorology of the central Asian tableland; and (7) study of flora and fauna.

The laboratory, which would be located at 16,000 feet, would be run by a number of scientists, living in a colony to be built at a lower level.

A government announcement says a party of scientists explored various peaks in the Himalayas last summer and submitted recommendations. However, before committing itself to this costly project, the government has decided to send another team of scientists to the Himalayas this summer to study conditions and supply complete data.

### WHOLE ENGLISH TOWN FOR SALE

London—(P)—The Duchy of Cornwall, hereditary estate of the eldest son of the king of England, is offering to sell a whole town. It is Hugh Town, capital of the Scilly Islands, which lie at the entrance of the English channel about 25 miles from Land's End.

Chiefly consisting of one long street, Hugh Town has two banks, three hotels, 15 shops, 160 dwelling houses, a town hall, postoffice and a Roman Catholic church. All are for sale.

The duchy, sole landlord of all the island group's 1,700 inhabitants, offered the property for sale so that the local council can have greater freedom in administering legislation, a spokesman explained. Present tenants will be given first opportunity to buy the properties.

The duchy—which now consists of about 135,000 acres scattered throughout southern England—was instituted by Edward III in 1337 for the support of his eldest son, Edward the Black Prince. Since then the eldest son of the Sovereign has inherited the dukedom.

Current revenue of the duchy amounts to about \$550,000 a year. Since King George has no son, this now goes to the crown.

On the accession to the throne of Princess Elizabeth, her son, Prince Charles, would automatically inherit the dukedom and receive its revenues.

The Duke University lacrosse team has 19 lettermen.

## Place Your Bet Head Scarves Bring Memories

London—(P)—A reader away up in Alton, Scotland, wrote to the "Daily Mirror" to thank girls who wear picture scarves on their heads. Because of these, he said, "every morning my bus ride to work brings me new joys, new horizons, memories of old ones."

"One morning I saw a circus, with clowns and performing horses, and on another mosques and minarets. Later on I met pirates with golden earrings and kegs of rum."

"Every week I roam the world. I see the Taj Mahal, the racecourse at Alexandria, Naples and its lovely bay, Paris, lovely ladies languishing in the harems of the East."

"Thanks, girls, for those lovely daydreams—and memories."

## Russia Boosts River Transport

Moscow—(P)—River boats are to play this year an even greater role in Russia's transport. A. J. Davidkin, assistant chief of the main headquarters of small river transport, said automatic loading and unloading machines are being set up along many streams to quicken and lighten the work.

Small rivers are to be used extensively in putting in the 1949 agricultural crop, transporting principally seed, sowing material and fuel to the tractor stations.

Barge cutters with metal bodies, specially designed for Russia's small rivers, are to be used extensively, according to Davidkin.

## Mail Box Improvement Week To Start May 1

Thousands of rural mail boxes in the Morgan and adjacent counties will undergo improvement and needed repairs during the week of May 1-8, which marks Rural Mail Box Improvement week.

This observance, endorsed by the postal department and the Illinois Rural Letter Carriers' association, is part of a program designed to secure the cooperation of rural box holders in keeping their boxes in the best possible condition.

Robert R. Braxell of Arenzville, secretary of the association, in quoting from the Postal Bulletin of March 29, said "Rural mail boxes which are not properly erected or which are not in good, serviceable condition retard the delivery of mail and expose it to damage from the elements."

He continued by saying "It is desirable that postmasters and rural carriers endeavor to secure the cooperation of their patrons to arrange the close grouping of boxes, wherever possible, and especially at cross-roads or at other places where a considerable number of boxes are located."

**Describes Ideal Support**  
Cited as ideal is a simple and practical support which consists of a board erected on posts firmly planted, with the height of the shelf on which the box rests about three and a half to four feet above the ground. Patrons are requested to keep their driveways free of weeds

and ruts to have their names on the boxes on the side from which carrier approaches.  
Over 30,000,000 Americans daily use the rural mail box as a vital communication link with the world. Into this receptacle go the letters, cards and parcels destined for friends, loved ones and business correspondents far and near. By the use of the simple red flag, one can be sure that the rural carrier, "the post office on wheels," will collect them and start them on their way.

From a carrier, one may purchase protection for mailable merchandise or money through registered and insured mail and by use of money order, and secure information about the many services of the post office department.

**Rules For Patrons**  
In order to cooperate more fully with the rural carrier, patrons are asked to observe these simple rules: Have government approved, weather-proof mail boxes, large enough to accommodate the patron, and proper signal flag on box; box to be firmly attached to a solid post, approximately 4 feet high; if movable post is used, it must be substantial; if box opens from end, the bottom of the box should be approximately four feet from the ground; if the box opens from top, then the top of the box should be approximately 4 feet from ground or set to the carrier's specification; door or cover to box should be one that will open and close easily; box and post to be painted with either aluminum or white paint; patrons names to be in black, letters at least two inches high; approach to box to be kept free from ruts and snow; post for the box to be placed on the edge of the road and box fastened to the post so that it extends over the post, allowing the fenders of car to clear the post; box should be placed on the right hand side of carriers line of travel, so that carrier does not have to cross traffic.

**Varied Program Given At Meeting Of Chapin Society**  
A varied program highlighted the April meeting of the Missionary society of the Chapin Christian church, held at the home of the president, Mrs. Lina Detmer.

The program, arranged by Mrs. Adelaide Brockhouse, included "Hidden Answers" by Mrs. Beulah McDaniel; "China—Twilight of Dawn" by Rev. Fred Wilson; piano solo by Miss Ruth Hutchins; article from "World Call" by Marietta Goffinet.

During the social period, refreshments were served. Mrs. Claude Neill was a guest.

## Mrs. Louise Placke Dies Thursday At Age Of 90 Years

Bluffs—The death of Mrs. Louise Boels Placke occurred Thursday morning at 5:43 o'clock at the home of her daughter, Mrs. Frank Killew in Winchester, at the age of 90 years, 11 months and four days. She had been ill several weeks.

Mrs. Placke was preceded in death by her husband. She is survived by the following children: Theo. P. Placke and Dora P. Killew of Winchester; Gunda Rolf, Bluffs; William C. Placke, Prague, Okla.; B. P. Placke, Bluffs, and Lorena Toume, Springfield; nine grandchildren, 11 great grandchildren and one great grandchild.

The remains are at the Schaefer Funeral Home in Meredosia, and will be taken Friday afternoon at 3:50 o'clock to the residence of her son, B. H. Placke at Bluffs. Funeral services will be held Saturday, April 30, at 2 p.m. in the

B. H. Placke home, and at 2:30 p.m. was the brother of Roy E. Welch, in the Neelyville Lutheran church, 1846 Mound avenue, and the late with Rev. John Detering officiating. Burial will be made in the Neelyville cemetery.

Mr. Welch was engaged in the insurance business for many years, having been an adjuster for a Chicago company. At one time he was employed in this city by the American Bankers Insurance Co.

Roy E. Welch will leave for Chicago to attend the funeral services, which will be held Saturday morning. The remains will be taken to Chicago after a brief illness. He is from Mattoon, Ill., for burial.

**Cerdan To Defend  
Crown On June 21  
Against LaMotta**

New York, April 28—(AP)—France's Marcel Cerdan will defend his world middleweight championship against Jake LaMotta June 21 at the Polo Grounds here, with the winner meeting Rocky Graziano in New Jersey in September.

This was the picture that emerged today from the series of back room conferences following Tony Zale's sudden retirement from the ring. Zale had been promised the first shot at the title he held on two different occasions—if he wanted it. The rugged former steel worker said in Chicago this week he didn't. The tournament of champions, which has Cerdan under contract for two fights, announced June 21 as the definite date and the Polo Grounds as the definite place for the first of the title embroglis.

The T-of-C listed three possible opponents — iron-jawed LaMotta, Graziano and Steve Belloise, the veteran, sharp-hitting New York mid-decade contender who is now in Europe.

LaMotta is regarded by the principals as the most suitable of the three for the June fight.

**Louis Makes Debut  
As Fight Promoter  
At Detroit**

Detroit, April 28—(AP)—Joe Louis' career as a fight promoter began auspiciously here last night with former heavyweight champion Jack Dempsey and featherweight champion Willie Pep in supporting roles.

A crowd of 10,062 fans saw the debut of the International Boxing Club with retired heavyweight champ Louis as promoter and matchmaker for a hand-picked card which grossed \$21,490.80.

Every bout was a lulu. Two ended in knockouts and two others were as thrilling and thrilling a pair of fights as ever seen in Detroit.

Even a four-round exhibition between champion Pep and Ellis Ask, featherweight titlist of Finland, turned out to be a rough scrap, though fought with 12-ounce gloves.

Pep, who got \$1,000 for his brief workout, looked good and was content at the start to regard it as purely an exhibition.

But Ask, a recent importation managed by Dempsey fought as if the title were at stake.

## War Orphan Saves 11 Children From Death In Fire

Tokoro, April 28—(P)—Hiroshi Nakamura, 16, a war orphan, today saved 11 small children from death in a fire that destroyed an orphanage.

The tots, ranging in age from four to six, were trapped on the second floor of the orphanage, from which which most of the 47 occupants had reached safety.

Nakamura rushed to the second floor and wrapped bed clothing around each child. He dropped nine of them to the ground and jumped with the last two in his arms.

None of the children was hurt seriously.

Nakamura suffered a broken leg in the jump. He was burned on the hand.

After he was orphaned by 1945 bombings which killed his parents in Yokohama, Nakamura became a waif until he was placed in the orphanage.

# CHICAGO LIVESTOCK MARKET REPORT

Chicago, April 28—(P)—Trends were mixed in livestock trading today. Hogs declined 25 to 50 cents and cattle were steady to 25 cents lower but all sheep were steady to strong.

Good and choice butcher hogs sold from \$16 to \$18.25, the day's top price, and sows took \$13.50 to \$16 with a few head grading choice going to \$16.25.

Loadlots of medium to choice steers sold from \$21.75 to \$25.50. A few choice steers and heifers mixed reached \$26 and a package of choice steers sold for \$26.50. Good heifers ranged from \$23.25 to \$24. Beef cows topped at \$20, sausage bulls at \$22 and vealers at \$26.

Divisional tops in the ovine trade were \$29.75 on woolled lambs, \$29.50 on clippers, \$13 on woolled ewes, and \$12.50 on shorn sheep.

Receipts included 8,000 hogs or sale, 5,000 cattle, 500 calves, and 3,500 sheep.

# New York Stock Market

New York, April 28—(P)—The stock market got on a downward track early today and stayed there. The decline was gentle, with most losses in fractional territory. A handful of issues emerged with small gains.

Turnover was slow throughout, which market technicians said seriously as an indication no serious selling pressure is hanging over the market. Turnover was at the rate of around 800,000 shares for the full session.

Wall Street paid as little attention to good news—principally in the form of some excellent earnings reports for the first quarter—as they did to bad. Lower prices resulted more from lukewarm demand than from vigorous selling.

Steel stocks were among those under pressure despite Big Steel's impressive report issued after the close Tuesday and several good profit statements from other leaders in the industry.

Lower included Chrysler, Studebaker, U. S. Steel, Puffs, Montgomery Ward, Caterpillar Tractor, Douglas Aircraft, American Telephone, Western Union, American Can, Dow Chemical, Allied Chemical, Johns-Manville, U. S. Gypsum, International Paper, Southern Pacific, Illinois Central and Standard Oil (N.J.).

## HEAVY SELLING HITS MAY WHEAT, SPREADS TO OTHER GRAINS

Chicago, April 28—(P)—The grain market took a solid pounding today. Heavy selling which swept into May wheat around mid-way in the session spread to other pits. All commodities were marked down for large losses.

At one time May wheat fell more than 7 cents. Other wheat contracts lost more than 3 cents at extreme lows. Losses were reduced shortly before the close, but the market continued highly nervous. Trading was very active.

May corn dropped more than 4 cents before rallying. Other corn deliveries held up better under the selling onslaught. Soybeans dropped more than 4 cents at the day's lows.

Pit observers said a big elevator house sold heavy quantities of May wheat, starting the break.

One factor in the downturn, traders said, was fear that the government would withdraw from the cash wheat market after this week. It will come into possession of large quantities of wheat April 30 when loans on the 1948 crop fall due.

Receipts were: wheat 4 cars, corn 82, oats 46, soybeans 7.

Wheat closed 31-61 lower, May \$2.19-181, corn was 2 to 3 lower, May \$1.33-134, oats were 1-1 lower, May 66-1, rye was 3 to 3 1/2 lower, May \$1.24, soybeans were 3-1/2 lower, May \$2.23-22, and lard was 25 to 38 cents a hundred pounds lower, May \$11.82.

# ISD Nine Scores Victory Over Routt

The ISD diamond crew had little trouble in dumping the Routt nine in a 16-6 intra-city tussle on the westend field yesterday afternoon.

Alta Hood started the tilt on the hill for Spike Wilson's boys and allowed only four Routt batters to hit safely as he went the seven-inning distance and racked up another PMBC league win for the Tigers.

Paul Saner started the ball game for Stroud's Rocket nine, but was belted from the hill as ISD scored five runs in the initial inning and followed with four more tallies in the third. Billy Kaufmann, freshman twirler, replaced Saner on the mound and held the westend base-batters scoreless for three frames, but they retaliated by breaking loose in the last stanza to count seven runs and win by an impressive score.

The Rocket scored 1-2-3 in the first three innings. However, that and their accumulated four big zeros in the final chapters of the game.

## Claim Newspapers Published Despite Printers' Strike

New York, April 28—(P)—Newspapers no longer can be forced to suspend publication by printers' strikes. The American Newspaper Publishers Association was told today by its special committee on labor problems.

The committee reported that on March 31 the International Typographical Union (AFL) was pursuing 32 strikes against 51 papers but that all of these dailies were going to press regularly with circulations aggregating nearly 5,000,000.

"A long-accepted belief that a daily newspaper had to suspend publication when ITU composing room workers struck is now a myth," said the report of the committee, headed by George N. Dale of the ANPA staff.

The report said leaders of all the mechanical unions except the ITU had cooperated "in our effort to preserve local bargaining" and to keep struck papers publishing.

Most of the ITU strikes stemmed from the "no-contract" policy adopted by the union after the Taft-Hartley law forbade the closed shop which the union formerly held in most newspaper plants, the committee said.

## Luthringer Named CIPS President

Springfield, Ill., April 28—(P)—Marshall S. Luthringer, Springfield, has been elected president of the Central Illinois Public Service company. He succeeds L. A. McGraw, who died March 25.

Edward F. Kelly, vice-president, was elected chairman of the board of directors, a new office. Other officers were re-elected yesterday.

Luthringer, a CIPS employee for 23 years, has been production engineer.

## Minister Accused Of Having Fattally Shot His Wife

Rochester, N. Y., April 28—(P)—The Rev. George P. Hetenyi, 40-year-old clergyman, was held today as the alleged slayer of his wife.

The suburban Buffalo minister was charged with first degree murder last yesterday.

His arraignment was deferred until next Wednesday to permit him to obtain counsel.

District Attorney Anthony Miceli accused Hetenyi of having fatally shot his attractive, 25-year-old wife, the former Jean Garis of Oakland, Calif., "on or about April 22."

The woman's body was found the following day in the Genesee river. Two 25 caliber slugs were taken from the body and an autopsy determined that she had been shot to death. Hetenyi was taken into custody Tuesday as a material witness.

**POLICE CHIEF DIES**

Canton, Ill., April 28—(P)—James W. Chatfield, 80, former Canton police chief and chief deputy sheriff of Fulton county, died last night.

# Brooklyn Explodes To Take Victory From Giants 15-2

New York, April 28—(P)—The Brooklyn Dodgers used the New York Giants as a stepping stone today, climbing into a first place tie with Boston in the National League by virtue of a 15-2 thumping of their interborough rivals.

The Dodgers gained revenge for their 11-8 loss yesterday by shelling five Giants fingers for 19 hits.

Pee Wee Reese, Duke Snider, Mike McCormick and Carl Furillo exploded field days at the plate. Reese cracked out four hits and drove in three runs to take the league lead in the runs batted in department with 13.

Snider hammered out a single, double and homer and drove in two mates. McCormick cracked a pinch hit homer with two aboard and followed with a single in his only other time at bat.

Furillo hit two singles and a triple. Brooklyn ..... 021 018 012 15 19 0 New York ..... 100 010 000—2 4 2

# Harvester, Union Extend Present Working Contract

Chicago, April 28—(P)—International Harvester Co. and the CIO Farm Equipment Workers union agreed today to extend current working agreements until June 30, 1950.

The Farm Equipment Workers represent about 30,000 production, maintenance and salaried employees in 11 of the company's manufacturing plants in Illinois, Indiana, Kentucky and New York.

Present contracts between the company and the union carried an expiration date of June 30, 1949. The agreement reached today provides that negotiations may be opened on the question of wages by either party during the life of the contract.

It provides also for a permanent arbitrator to serve until a new contract is executed. William J. Reilly, Harvester labor relations manager, said both sides had agreed on Ralph Seward of Pittsburgh, Pa., as the arbitrator.

## Woman Critically Ill After Hotel Room Beating

Chicago, April 28—A 26-year-old woman was in critical condition today from a beating she received Tuesday night.

She is Miss Doris Stone of Moline. At Illinois Central hospital, where she was taken early today, attendants said she was not expected to live.

Police Lt. William Hennessey said Henry Benson, 42, of Rushing, Long Island, N. Y., made an oral statement that he beat the woman in their south side hotel room Tuesday after they had visited several saloons.

Benson, held without formal charge, told police he is superintendent for a Rockville, Md., construction company. He is married and the father of two children but is separated from his wife, he said.

Hennessey said Benson related he beat Miss Stone during a quarrel in the Kenrose hotel where the couple was registered. After beating her unconscious, Hennessey quoted Benson, he went to sleep, leaving her lying on the floor.

When he awoke late Wednesday, the woman was still unconscious. Benson called a doctor who ordered the woman taken to a hospital.

# Molotov Is Still Next To Stalin In Red Regime

New York, April 28—(P)—Any doubts about the present position of V. M. Molotov in the Soviet hierarchy were dispelled today. He is still the top man under Prime Minister Stalin.

This can be reported with assurance in an indirect way. It also can be reported:

1. N. A. Voznesensky, deposed as head of the all-important Gosplan (state planning commission) and as a deputy prime minister, also has been removed from the ruling politburo. He has not been replaced and the politburo now is made up of Stalin and 11 others.

2. Lavrenti P. Beria ranks behind only Stalin and Molotov in Soviet prestige. As far as is known in this country, Beria still is the man behind the Soviet secret police.

# Navy Will Aid Americans Trapped In Shanghai

Washington, April 28—(P)—President Truman said today the navy is fully prepared to aid Americans in Shanghai although U. S. warships have moved out of range of Communist gunships.

There is no truth to reports that the navy has run out on American civilians, he declared at his news conference.

**8,000 CONDUCT STRIKE**

Trieste, April 28—(P)—Eight thousand city and provincial employees struck today for higher wages, suspending all but essential services. Both communist and anti-communist unions are supporting the walkout.

# Plans Completed For Radar Screen

Philadelphia, April 28—(P)—Plans for a radar screen to protect this country against air attacks have been completed by the armed forces, says Maj. Gen. Francis L. Ankenbrandt, air force director of communications.

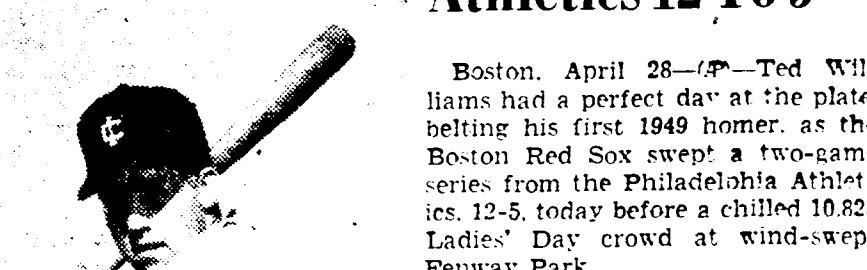

General Ankenbrandt, disclosing that the Army, Navy and Air Force are conducting actual experiments for development of full integration among themselves, said yesterday that approximately half the material needed for construction of the huge screen is available in supplies left over from World War 2.

**LINEMAN ELECTROCUTED**

Paris, Ill., April 28—(P)—Glen Sellers, 25, a lineman for the Central Illinois Public Service company, was electrocuted today when he came in contact with a 23,000 volt circuit.

# Ed Harmon Batting At .324 Clip For IC Nine; Play Here Today

The big bat of left-fielder Ed Harmon is currently rapping out hits for the Brookings Illinois College nine at a .324 clip to lead all Hilltop hitters. Harmon, in his first year of collegiate baseball, has socked out 12 safeties in 37 trips to the plate in compiling his average.

# Williams' Homer Helps Bosox Beat Athletics 12 To 5

Boston, April 28—(P)—Ted Williams had a perfect day at the plate, belting his first 1949 homer, as the Boston Red Sox swept a two-game series from the Philadelphia Athletics, 12-5, today before a chilled 10,823 Ladies' Day crowd at wind-swept Fenway Park.

The lanky slugger also had a single and three walks while driving in five runners.

Lefty Mickey Harris wound up allowing the Athletics 11 hits while fanning eight and giving as many bases on balls.

After the game the Red Sox rushed for a New York train to open a three game series with the Yankees. Philadelphia ..... 011 000 102—5 11 1 Boston ..... 103 340 010—12 12 1

# Cardinals Take 4-2 Verdict Over Pittsburgh Nine

St. Louis, April 28—(P)—The steady pitching of Al Brazle who scattered eight Pittsburgh hits helped the St. Louis Cardinals to a 4-2 verdict over the Pirates today.

Enos Slaughter singled home Marty Marion in the seventh with what proved to be the deciding run. The Cards added another in the eighth.

Of the eight hits off Brazle, who was credited with his second triumph of the young season, Pete Castiglione and Clyde McCullough each had three.

# Bickford Pitches 3-Hitter; Braves Trounce Phils 6-1

Philadelphia, April 28—(P)—Three-hit pitching by Vern Bickford and timely hitting gave the Boston Braves a 6-1 victory over the Philadelphia Phillies today.

The Braves bunched four of their ten hits, including Earl Torgeson's fourth homer of the season, in the fourth inning to score four of their runs.

The Braves added two more in the eighth.

# Browns Bounce Back To Defeat Detroit 9 To 6

Detroit, April 28—(P)—Johnny Groth, the Detroit Tigers' sensational rookie, hit his second grand slam homer of the season today but the St. Louis Browns bounced back to take the Tigers 9-6.

Groth continued his impressive hitting streak as he got two for four today and batted in five of Detroit's runs. It marked the ninth straight game Groth came up with at least one hit.

But all the batting honors did not go to Detroit, however, as the Browns pounded four Detroit pitchers for 15 hits and a sweep of the two game series. Jack Graham of the Browns slammed out his fourth homer of the season to stay even with Groth in that department.

The Tigers used 17 players in an effort to win the two hour and 21-minute contest.

## Recreation Club Announces Softball Opening Sunday, May 8

The Jacksonville Recreation Club, after its regular bi-monthly meeting at the Jay-Cee Restaurant last night, announced that plans have been completed for the organization of this summer's senior softball league.

Sunday night, May 8, will mark the initial "pay-night" bout when Clint Arenz' Jacksonville Implement Dealers squad takes the field against the Ash Street Merchants of Springfield.

"Pay-night" games will again be played on Sunday and Wednesday evenings. All other nights, with the exception of Saturday, will be reserved for league play.

## M'Murray College Choir To Broadcast On Chicago Station

As part of its spring concert tour, the MacMurray College Choir will broadcast Saturday, April 30, over Chicago station WMAQ at 3:15 p.m., Central Daylight Time.

Appearing as guest artist with the choir will be Miss Elizabeth Humphrey, soprano, MacMurray alumna who is one of the rising young concertists of today. Miss Humphrey, whose home is in Springfield, studied with Joseph C. Cleeland while at MacMurray, and afterwards for four years as a scholarship student at the Juillard Graduate School of Music in New York. Since her entry into the concert field, she has filled some important engagements, including one as soloist with the Chicago Symphony Orchestra.

Among other out-of-town engagements of the choir and its director, Henry E. Busche, are concerts in Quincy, Pittsfield, Streator, Kankakee, Waukegan, and Springfield.

## Burglars Smash Door Glass; Rob Grocery Store

When Homer Conover visited the Stout grocery store on South Diamond street early Thursday morning to deliver a box of bread, he noticed that the glass in the front door had been broken. Conover notified police, who soon determined the store had been burglarized.

The burglar or burglars reached through the hole in the glass and worked the lock to gain entrance. Two dollars in pennies, the receipts of a peanut machine, were stolen from a cigar box, and another \$2 from the cash register.

As far as could be learned, nothing was missing from the grocery store. Lt. Stout and Patrolman Hill went to the store and made an investigation.

## I.C. Will Present Musicales Directed By Henry Busche

Members of the Illinois College choir, under the direction of Henry Busche, will present a musicale, "Of Thee, I.C.," at the Jacksonville high school auditorium on May 12.

This year, the musicale is divided into two parts. The first will give the audience an opportunity, as studio guests, to see a radio broadcast and the second will return them to their homes to watch a video program. On the screen a group of I.C. students will appear with the annual fall Leaf Raking Day as a setting and with Tanner Library in the background.

Included in the acts will be a dance team and several instrumental solos.

## V. F. W. Auxiliary Names Committees

## Officers Elected By Association Of Cass Teachers

Virginia—The annual banquet of the Cass County Education Association was held at the American Legion Hall in Virginia Tuesday evening. Officers for the ensuing year were elected. Virgil Johnson, principal of Lincoln School at Beards-town, was chosen as president; Miss Ruth Jurgens, Ashland Grade School, as vice president; Mrs. Albert Yowell, Virginia, secretary; treasurer; Miss Catherine Collins, Virginia, director.

After the business meeting, Mrs. Gerald Gill of Virginia gave an inspiring and constructive review of Father Keller's "You Can Change the World."

Committee chairman who planned the banquet, which was served by the Ladies Auxiliary, were Mrs. James Case, Mrs. Lee Tanner, and Mrs. Warren Musch.

## Mrs. Barbara Loyd Chosen President Of Bluffs Club

Bluffs—The Bluffs Junior Woman's Club held their April meeting in the American Legion Hall with Mesdames William Bon. N. V. Whorton, Clyde Hullinger, Russell Albers, Charles Wolford and Miss Mary Hatfield as hostesses.

During the business session an election of officers was held. New officers chosen were president, Mrs. Barbara Loyd; vice president, Mrs. Wayne Masterson; corresponding secretary, Mrs. George Matthews; Mrs. Charles Wolford, reporter; Mrs. Harold Kilver, treasurer.

Mrs. Robert Priest and Mrs. George Matthews gave an interesting program on "Food" and the advertising of foods in magazines. The club is sponsoring a drive for old shoes to begin at once and continue until May 19. The shoes collected are to be sent overseas and must be in good repair. Mrs. Wayne Masterson is chairman of the drive and if necessary will make collections. A box is being placed in Muntman's Grocery store for the donations. At the close of the meeting delicious refreshments were served by the hostesses.

## Syrian Troops Dig In Near Frontier Of Trans-Jordan

Beirut, Lebanon, April 28.—(AP)—Syrian troops were reported digging in opposite the Trans-Jordan frontier today, emphasizing tense relations in Damascus and Amman.

A dispatch from the Syrian frontier town of Deraa (Nagat) said one of Deraa and a second at Sheikh Masoun, 12 miles to the north.

"Thousands of Syrian soldiers are fortifying the border," the correspondent wrote. "Reinforcements are continually arriving."

"I have seen thousands of Syrian soldiers at Sheikh Masoun digging trenches along a vast area, with numerous heavy guns and tanks scattered about."

About 3,000 Trans-Jordan Arab legionnaires are encamped on the other side of the border at Ramtha. No unusual activity was noted there.

## ARREST GERMAN GIRL FOR STEALING SECRETS

Frankfurt, Germany, April 28.—(AP)—A German girl who formerly worked for the U. S. Military Government was charged today with stealing secret American documents for the use of foreign agents.

The army said the girl, 24-year-old Gertraud Mittenwitzel, declared she acted "because of threats that her family in the Russian zone of Germany would be harmed unless she obtained the documents."

Miss Mittenwitzel will be tried before a U. S. Military government court in Munich May 18. She is held in the Landsberg military prison.

## CHAPIN CLUB MEETS

Chapin — The Loyal Sisters Past Noble Grands' Club held its regular meeting at the home of Mrs. Ellen Coultas Friday, April 22. Mrs. Adelia Hamilton presided during the business meeting.

The city of Babylon possibly as early as 3,000 B. C. was a market place to which metals, wool and grain were brought.

## Hoagland Is Named 1st Vice-President Municipal League

Ernest L. Hoagland, recently re-elected mayor of Jacksonville, has been named to the first vice presidency of the Illinois Municipal League, according to a recent associated press release from Chicago. He succeeds former mayor Earl Miller of Freeport, who was defeated for reelection in the recent mayoral race.

The Municipal League is an organization comprised of mayors from all over Illinois. They voted in a recent assembly, to cooperate with Chicago in the allocation of state aid funds for Illinois municipalities during the next two years.

Governor Stevenson in his budget message last week suggested state aid of \$40,000,000 for Chicago and other Illinois municipalities in the next biennium.

The league also appointed mayor James A. Hendrick of Decatur president to fill the unexpired term of former mayor H. J. Hakala of DeKalb, who was defeated in the recent municipal elections. A. L. Sargent of Springfield was named executive director.

## Four Women Hurt In Auto Accident On Highway 78

Four women were taken to Passavant hospital about 4 o'clock Wednesday afternoon, suffering from injuries sustained in an automobile accident, which occurred on Highway 78.

The injured are Mrs. Jessie Means of Alton, who sustained a hip injury; her daughter, Miss Dorothy Means, also of Alton, who suffered injuries about the head and eyes; and Mrs. Irene Means of Godfrey and Mrs. Dora McNulty, who suffered minor abrasions and were permitted to leave the hospital after receiving emergency treatment.

The other two women were admitted as patients. The attending physician is Dr. A. G. Wolfe.

The women were enroute to Liberty when their car left the road, rolling down an embankment and overturning several times.

## 196 Eighth Grade Students Register To Attend J.H.S.

At the annual registration meeting held Tuesday evening at Jacksonville High School 196 eighth grade students were registered for freshman courses next year.

Of the students registered, 145 were from David Prince Junior High school and 51 were from rural schools throughout the county.

About 350 persons in all, including a large number of parents, were present for the registration meeting, which is held annually in order to acquaint prospective students with the courses of study offered at J. H. S., the teachers and the procedure of registration.

A program was presented in the auditorium, featuring musical selections by the Glee club and the high school band.

Principal John Agger spoke briefly explaining the various courses. The teachers then held conferences in their class rooms.

Students planning to attend J.H.S. next year and who haven't as yet registered are asked to do so before the close of the school year.

## Springfield Woman Guest Of Chapin Rebekah Lodge

Chapin — Mrs. Hattie Boyer of Springfield was guest instructor at Frances Willard Rebekah lodge Wednesday evening. A potluck supper was enjoyed at 6:30 with Mrs. Nellie Humes, Mrs. Benah McDaniels, and Mrs. Irene Baker, comprising the committee in charge.

Mrs. Vernetta Anderson, Mrs. Mary Ausmus and Marion Updegraff of Jacksonville assisted with the lodge work, and Mrs. Irma Wilson presided as Noble Grand.

## Truman Appoints Fleming Maritime Commission Head

Washington, April 28.—(AP)—Major Philip B. Fleming, a former army engineer, was chosen by President Truman today to head the United States Maritime Commission.

Then, in the familiar Washington pattern of the game of musical chairs, the President announced that:

Jess Larson, war assets administrator, will succeed Fleming as administrator of the Federal Works agency.

Rear Adm. Paul Luker Mather, assistant to Larson, will become war assets administrator.

Fleming succeeds Vice Adm. William W. Smith (RET.), whose term as member and chairman of the Maritime Commission has expired.

Mr. Truman disclosed the job shuffle at his news conference.

## Deny Probation; Reddish Must Go To Prison

The application of Joseph Francis Reddish for admission to probation was denied by Judge L. E. Wilhite in circuit court Wednesday afternoon, after which the defendant was sentenced to the Menard penitentiary for a term of not less than one year and not more than two years.

Reddish had previously entered a plea of guilty to confidence game. He was accused of obtaining possession of an automobile from the Walker Motor Co., which he took to Kansas, in which state he was arrested.

Judge Wilhite ordered that a petit jury panel of 40 members be drawn and summoned for service for two weeks of the May term, to report for service Monday, May 23, at 9 a. m.

Many routine matters were disposed of by the court during the day.

## Bluffs Child Rescued From Goldfish Pond

Bluffs—Little Lee Frederick narrowly escaped drowning recently in a gold fish pool at the home of Mrs. Mamie Knoepfel when he fell in trying to retrieve an arrow shot from his miniature bow. The water was considerably deeper than the child could wade.

Grant Little happened to be going home at the time and heard the water being splashed about. He thought at first a dog might be in the pool and then he saw a little arm in a red sweater, appear above the surface. Little waded into the pool and set the youngster out on the ground.

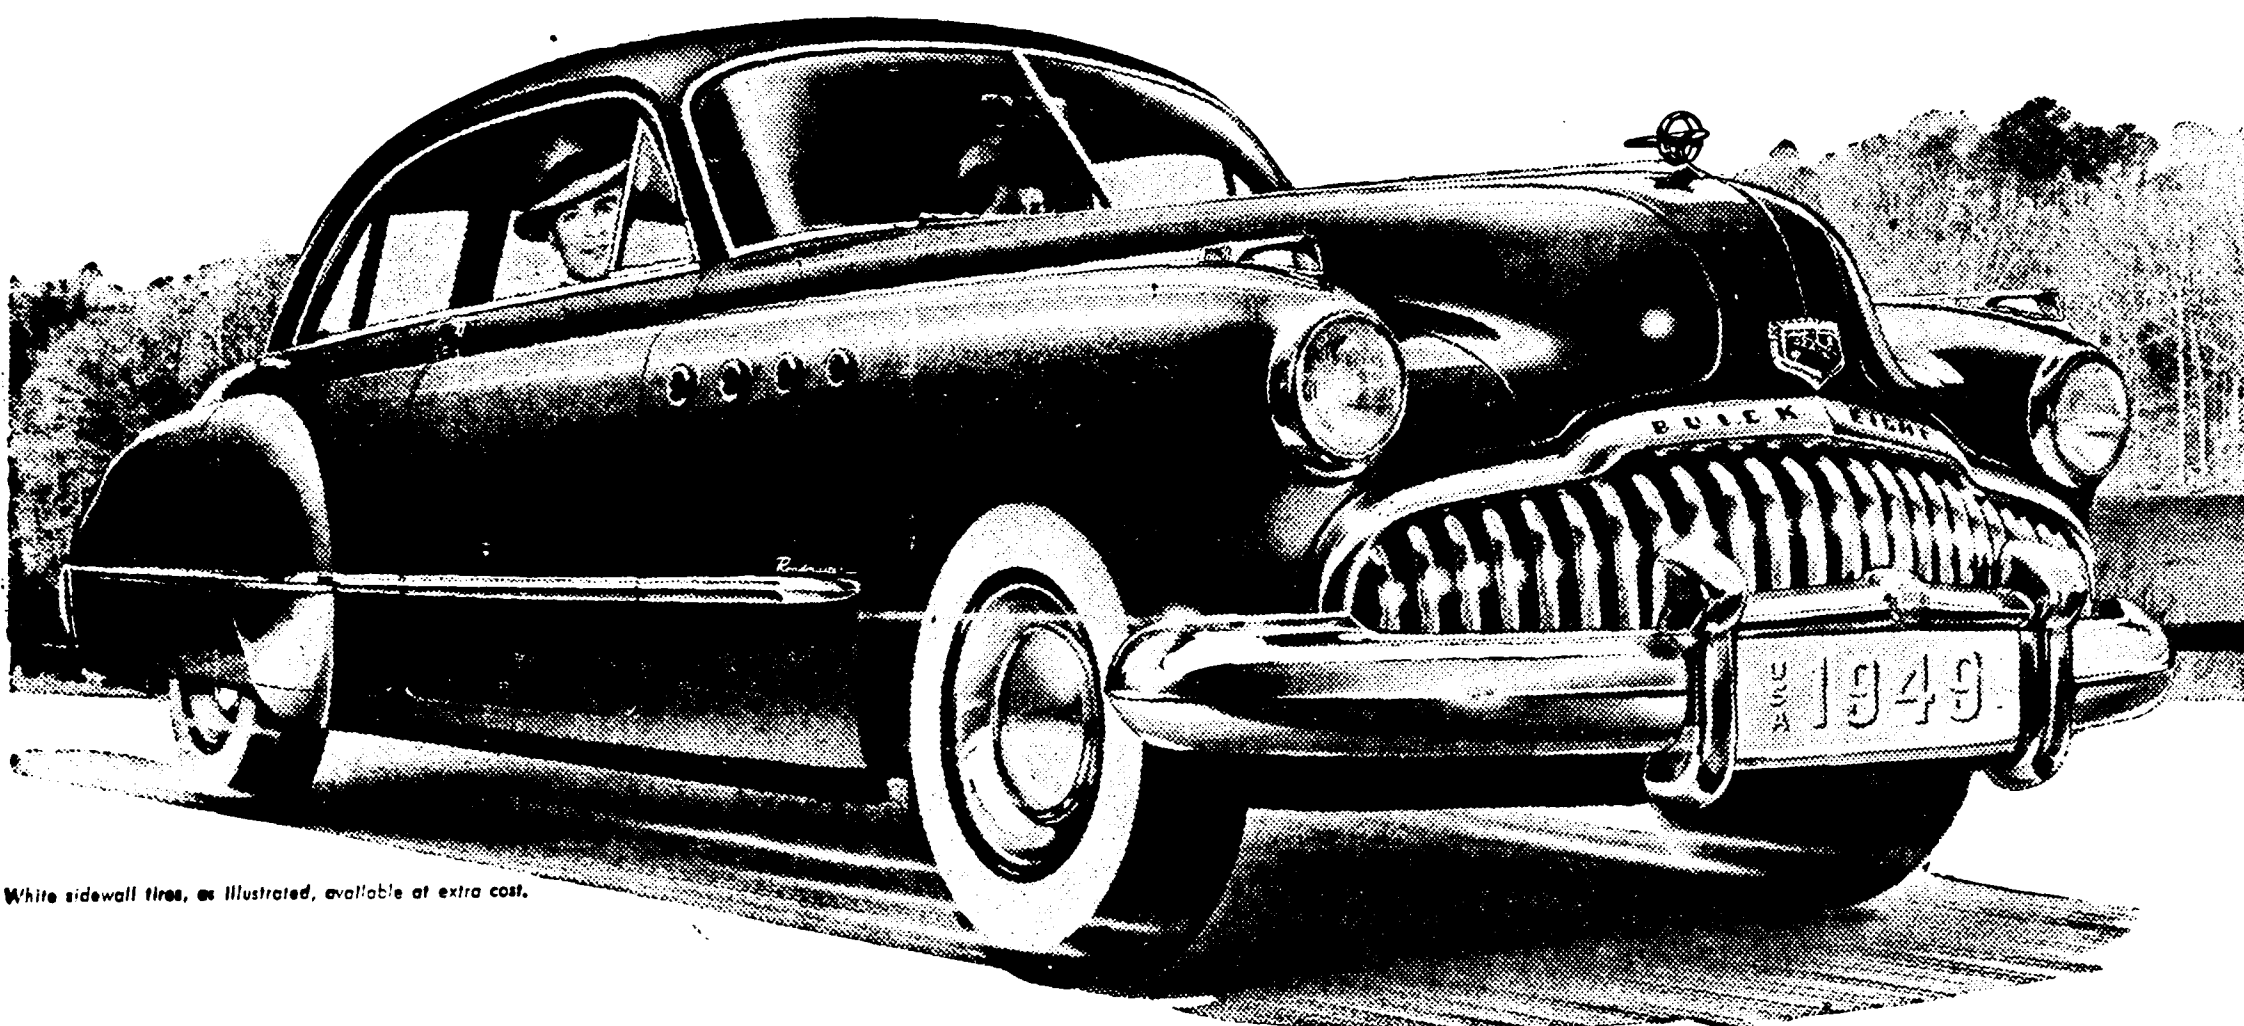

By that time, Glenn Brockhouse, another neighbor, was attracted to the scene. He jumped over a fence to assist and after lifting the boy and shaking him, he made a few gasps and started breathing.

The past week has been a bad one for Lee. He cut his eye lid when he fell on the corner of a table in his home and his upper lip was cut through and one tooth knocked out Monday night when he fell off the Woods porch. Arthur Gregory took the child to Meredosia where stitches were taken to close the wound.

## Germans Rap Beauty Contests

Munich—(P)—The influential "Wuerzberger Bistumblatt" of Wuerzburg, weekly periodical for the Catholic diocese of Wuerzburg, has attacked Bavarian beauty contests. The "Bistumblatt," with a circulation of 75,000, was bitterly critical of the selection of a beauty queen, and printed one article under the sub-heading "Meat Inspection."

"A 'social' mantle is draped over the half-naked queens," said the newspaper, commenting on a beauty contest. "This is publicity for Bavaria's tourist traffic. In plain words that means: over there in Bavaria in the mountains or in Munich there are more such beauties, which are to be had for every Ami (slang expression for American)."

The "Bistumblatt" declared that a beauty contest was ordered by military government in one area but that the German local government refused to conduct it. Also given a lambasting was a reported plan to import comic books into Germany. The "Bistumblatt" listed as evidences of declining morality in Germany high divorce and venereal disease rates. "We do not want to investigate how far chocolate, cigarettes and jeep rides were the cause nor why girls of that type seem to hang around towns like Kitzingen, where a lot of Americans were stationed," one article said.

Valerie de Cadenet, who won a \$50 prize for this costume at New York's Art Students League Ball, complained to police that her dance partner bilked her out of her winnings after the ball. Police offered sympathy and advised her she could request a summons for her "Prince Charming" as a withholder of property.

## Machine Does Work Of Heart And Lungs

Paris—(AP)—A machine that replaces both the heart and the lungs is at work in Paris today. The thing is an electric pump that imitates the pulses of the heart and moves the blood at the same pressures as heart beats. It has a flask of pure oxygen through which the blood runs to pick up new oxygen much the same as in lungs.

The machine keeps whole organs alive outside of living bodies. It is hoped to substitute this pump and breather first in animals and finally in human beings for the surgery which can be done better if heart and lungs are temporarily shut off.

The inventor is Dr. J. Andre Thomas, professor at the Sorbonne. The facts about the machine are circulation. Similar achievements from French scientific journals. This French apparatus is the latest in a long series that started with keeping chicken hearts alive, many years ago, and that attained fame in the United States as the Lindbergh heart twenty years ago. All of them feed high, made mostly of rubber supply blood and oxygen to keep living tissue alive for weeks to years.

In earlier models, only small bits of tissue were kept alive for scientific and medical study. Slowly since then larger and larger sections of organs of living bodies have been kept alive artificially. A special apparatus re-nerves, and the cat can feel the places the work of human kidneys slightest pressure on the ends of the temporarily. Lungs have been simulated.

The French machine is getting close to the goal. It has kept entire Maine) is the first woman to serve human placentas alive for more than in both the United States Senate three days. That time was not the and House of Representatives.

limit possible. Placenta is the after-birth. Unborn calves, weighing 17 pounds, have been taken from their mothers and kept alive long enough to show some signs of growth. These embryos might have been kept alive longer. In this experiment there was a practical purpose, as the calves were used to grow a foot-and-mouth virus to make a vaccine for that disease.

For many years laboratories have been growing cancers in test tubes. These were merely bits of cancer tissue. The French machine, it is hoped, will make possible putting an entire cancerous organ in a big test tube and letting it continue to grow under the eyes of microscopes. This experiment will show the conflict between the malignant tissues in the organ, and the healthy tissues which combat the spread of the cancer.

For human surgery it is hoped that the machine will short-circuit bad hearts so that they can be repaired without stopping a person's blood circulation. Similar achievements are hoped for lung surgery. There are also hopes for using the machine in cases of shock, which comes in part from the watery part of the blood running into tissues.

The first machine is five to six feet high, made mostly of rubber tubes and flasks. It is about to be manufactured, in smaller and more simplified structure.

The whiskers of cats are special tools of cats of touch. The base of each living body has been kept alive artificially. A special apparatus re-nerves, and the cat can feel the places the work of human kidneys slightest pressure on the ends of the temporarily. Lungs have been simulated.

## serve Mayrose frankfort quails

Recipe:

### FRANKFURT QUAILS

Slit Mayrose Dinner-Size Franks lengthwise. Fill with a 1/4-inch thick stick of cheese. Wrap each frankfort spiral fashion with a slice of Mayrose Bacon. Fasten each end with a toothpick. Place in a baking dish, split side up. Bake in a hot oven (425° F.) or broil until bacon is crisp and cheese is melted. Turn if necessary to cook the bacon thoroughly. Cooking time about 10-15 minutes.

## Paint Vet's House--In Two and a Half Minutes

The snap-snap of brushes sounded like machine-gun fire when these 96 workers painted a crippled war veteran's five-room house in a record-breaking two minutes and 32 seconds. The \$20,000 home belongs to Bob Hoelzle, 23, crippled by Jap gunfire on Okinawa when he was 19. It was given the former Marine by fellow citizens of New Brunswick, N. J., in recognition of his war record. Hoelzle, seated at left in wheelchair, beside his fiancée, Frances Elaine Noll, watches the sweeping record hand of the big clock set up to time the painters. All volunteers, they were members of Local 551 (AFL) Painters and Decorators Union. House won't be completely finished until just before Hoelzle's marriage to Miss Noll, June 12.

## Colleges Grant More Degrees

Washington—(AP)—Nearly a third of a million degrees were conferred by colleges and universities in the United States during the year ending June 30, 1948, says the Office of Education.

The largest number of bachelor's degrees was granted by the University of California (7,163); master's degrees by Columbia University (4,819); and doctor's degrees by Harvard University (310).

The number of bachelor's and first professional degrees conferred totaled 272,144, an increase of more than 45 per cent over 1939-40. More than twice as many master's and second professional degrees were granted in 1939-40. The total for 1947-48 was 42,417. The number of doctor's degrees rose from 3,479 in 1941-42 to 4,188 in 1947-48.

The Office of Education says that 208,581 men and 110,168 women received degrees during the year in 60 major fields of study.

## COCKTAIL CONTEST BRINGS KNOCKOUTS

Paris—(AP)—A match of several rounds followed by some sensational knock-outs, was how the Paris press described a competition to invent new cocktails held recently at a Paris hotel. Four hundred spectators, including stage and movie stars, gave judgment on the inventions of the fourteen competitors. Among the creations: an "atomic bomb" and a Kravchenko special.

## SAYS DOGS EAT BETTER THAN HUMANS

Chicago—(AP)—What's this? Dogs eat better than people?

Dr. C. E. Poling, a nutritionist, says a lot of dogs do. He puts it this way: "Dogs that eat commercially prepared dog food eat better from a nutrition standpoint than humans do." Dr. Poling recently made a scientific test of both kinds of vittles.

One was a typical meal for a man. It included half a grapefruit, a four ounce slice of ham, mashed potatoes, peas, a slice of bread, butter, lettuce, pear and cream cheese salad, coffee with cream and sugar, and ice cream. It weighed one and a third pounds.

The other was a one pound can of dog food. It contained meat by-products such as hearts and kidneys, cereals, legumes, minerals and vitamin supplements.

The serving of "ham and" came out ahead in four classifications—calories, fat, carbohydrates and Vitamin A. The dog's grub rated higher in seven—the essential proteins, calcium, phosphorus, iron, thiamin, riboflavin and niacin.

One nutrient, Vitamin C, was in the human dinner but not in the dog's lunch. Dogs don't need it in their diet. They manufacture it in their bodies.

"I tested several other typical menus," he said. "The results were about the same."

## BRITISH BUY EXPORT CARS FOR TEMPORARY USE

London—(AP)—The government has reported that approximately 10,000 automobiles have been sold in the past 12 months for temporary use in England before shipment abroad.

This was disclosed by the Ministry of Supply in a letter responding to a question in the House of Commons recently on whether such sales are included as export sales in the Board of Trade figures.

The ministry said automobiles are not recorded as export until they are actually shipped. Automobiles purchased in England for subsequent export are not subject to purchase tax—which runs from 33 1/3 per cent on small automobiles to 66 2/3 per cent on larger models.

## ROGER THE LODGER

By Elizabeth R. Roberts

XXXIV

WE didn't have two babies concurrently. While Claudia was still hospitalized, Dick Morgan received orders for Saipan, and Betty took their baby home again.

The basement looked shopworn and tired after the so-so house-keeping of the sitters and school girls Betty had employed. I counted myself lucky that the washing machine still perked and that the electric iron—though it had fallen on its head a few times, as attested by the bent nose, broken handle and blind light—still heated and that the mangle still worked; and I closed my eyes to the disorder and dinginess of the apartment, for I had no intention of permitting anyone else to live there as long as the duration lasted. We'd hit the jackpot with our adopted children, and for my money I didn't need anybody else around. As usual, I reckoned without Roger and the lifting of the ban on army personnel living in town.

Roger trooped in with his valise, foot locker and musette bag. "Look, Lee," he began, and then hesitated.

"Yes?" I encouraged him.

"I need Mary. Every man's better off with his family. She'd come out if we had a place to live. Any kind of a place."

"Well . . . what I was thinking is . . . now that your basement's empty, maybe—"

"Oh, but a basement, Roger?" I wasn't being sarcastic; I was sincerely doubtful of the desirability of our basement.

"Yes, I know," Roger said chastened. "I was supercilious when you said you'd help me find a little apartment, and I did refuse the house Rob found for me—I just couldn't bear to give up living in your house," he explained with his disarming candor. "But I'd live in a tent now to have Mary and the boys with me. I love them. I truly love them. I found that out

when I was home on the last leave."

"You do need Mary," I said. "She should be here with you."

"She's going to be!" Roger said, his face glowing. "I wired her to fly out with the boys immediately."

"Oh, but where'll you put them?"

"You'll let us have the basement, won't you, Lee?"

Emotionally unstrung, I agreed I would.

AT that moment a taxi arrived and began discharging a motley assortment of trunks, suitcases, cartons of dishes and groceries. A boy dressed in half-uniform and half-civvies and a pretty girl in slacks were piling the stuff on our lawn.

"Stop!" I called to the boy, as he picked up a couple of bags and started for our basement door. "There's been a mistake. You've got the wrong house."

"No, ma'am," the girl said. "Mr. Roberts told us we could move in."

Not waiting to hear more, I stormed into the house. "Oh, you!" I shrieked at Rob, forgetting that Roger, Mary, and the twins were on my conscience. "You've done it again! You've not kept your word!"

Struggling to give reason ascendancy over guilt, Robbie, with unusual alacrity, met me in the front hall where I stood trailed by Roger and the young couple, plus a bewildered taxi driver who didn't know whether he was coming or going.

"Keep your shirt on, Toots," Robbie said too rapidly to denote any certainty on his part that he would escape with his life. "I did it for you. All for your sake," he repeated, still talking fast. "I couldn't bear to see you working so hard. These kids are going to help you."

"Yes, ma'am," the boy spoke up, and he was talking fast, too. "I've just got my medical discharge, and

and I've been trying to find a place to live. We've been sleeping and cooking and eating in one room, in a hotel above a downtown store, and every day when I finish work, we've been working up one street and down the next punching doorbells looking for an apartment. We got tired, and you were out and Mr. Roberts made a deal with us."

"YOU won't be sorry you took us in," Nancy said. "We're going to work out our rent at the rate of an hour and a half's work a day."

"They didn't have a decent place to live," Rob explained in a sotto voce grumble. "That kid's been wounded."

They were young, unspoiled, earnest children. I waved them on to the basement, half-intoxicated at the prospect of a part-time maid and yard man.

"Look here," Roger said. "What about me?"

"I sobered up in a hurry. 'Ohhhhh.' I sank down onto the hall chair. 'That's right. What about you?'"

Rob exploded. "What is this house? A beehive?"

Safe in the knowledge that Rob had broken faith first and was on a worse limb than I was, I said, "You beat my time. Don't you sold at me, if you can let Nancy and Joe in, I guess I can let Roger's family live here. . . . Only you've gummed the works by giving away the basement."

"Of course, Claudia and Mickey'll soon be leaving. . . . Roger said, 'And Bill's room's empty now. No one's in it.'"

"Oh, but Roger," I objected, "that's not a very big room."

"Big enough in an emergency," he said. "As soon as Claudia and Mickey go, we can have that whole half of the upstairs. That'll be plenty of room. And," he added solicitously as always, "I told you you needed Mary. That she'd be a lot of help to you."

I looked up to see how Rob was taking the turn of events, but that chicken-hearted craven had sneaked back to his chair and was communicating behind his newspaper.

### Movie Men Fly To Zoo For Actors

Hamburg, Germany—(P)—All 10 of the outstanding stars in a film died here within a few hours recently. The last one fell to the ground dead, just as the camera began clicking. The E.R.K.A. Film company had just started its newest scientific picture on flies when the bad news became known. The nimble little actresses suddenly died like—flies. In a case like this a good idea is worth a million. The producer had helped us out of a lot of tight spots with elephants, tigers, horses—why not with flies? But with temperatures below zero even a zoo will have quite a job looking for flies. At least it's worth a phone call. thought the producer. "Is that the elephant's house at Hagenbeck? Have you got flies?" "Flies—at this time of the year? No!" The lions' cage didn't have any either. "Catch

'em alive" was the word for the stable boys who saw their ambitions as big-game hunters nearing reality. The headprice was fixed at a cigarette for a fly. After a five-hour hunt through the "jungle" of Hamburg's zoo they at least had 25 flies, numb with cold, but alive. They had stuck to the walls of an Indian bull's cage. **VERSAILLES CHATEAU AGAIN NEEDS REPAIRS** Paris—(P)—The famous chateau of Versailles, which was restored with Rockefeller millions after World War I, again needs repairs, according to the Paris newspaper "Figaro." Many of the rooms are said to have suffered from damp because they were insufficiently heated during the occupation years and a part of the ceiling moulding has collapsed in the famous Hall of Mirrors, where the Treaty of Versailles was signed. **MORE SHOWERS GO INTO HOMES** New York—(P)—Fully 90 per cent of new urban homes today are equipped with shower baths, a survey of the nation's clay tile contractors shows. A shower goes in over the tub in 20 per cent of new dwellings, and another 10 per cent are equipped with separate shower stalls, the survey shows. By contrast, only 20 to 30 per cent of the homes built in the 1920's had showers.

### Queen Of May Stirs Dispute

Mitcham, England—(P)—Who's to be queen of the May? That's what all Mitcham would like to know. Two girls are saying, "I'm to be queen of the May." Each has her backers. And neither will give up. Pretty Dorothy Smith, 17, was chosen queen away last year—to reign over the 1949 May day celebration in this London suburb. Doreen Hodges, 14, curly-haired and also pretty, was chosen just a while back for the same throne. Here's how the trouble arose: Dorothy apparently had the crown clinched. Then the May day queen committee picked Doreen to be her prince. But Dorothy's mother, who's in charge of the whole affair, said she didn't want Doreen to be prince. She named the other girl. That made the committee mad. It took another vote of mothers—for queen—and Doreen won. Now Dorothy says, "I'm proud. My workmates are behind me." Doreen answers, "My schoolmates are behind me. And my Mum won't speak to Dorothy's Mum."

## CARNIVAL

By Dick Turner

"Tell your papers we had th' Slugger psychoanalyzed and found out he feels great insecurity in the presence of a strong left hook!"

### Germans Scorn Political Broadcasts

Frankfurt —(P)—German radio listeners prefer polkas to politics and quiz shows to educational classes. That's what a survey of listeners re-

sponse at Radio Frankfurt shows. Radio Frankfurt, a 60-kilowatt station, serves a million and a half listeners in the state of Hesse and has a total audience of about two million people. It is run by Robert Lochner, military government radio chief in Hesse. Wolfhart Mueller handles the 10,000 to 15,000 letters a month.

Political programs, which began in 1946 and were designed to awaken the Germans to their new responsibilities have fallen flat. Mueller says the response is pitifully small, averaging some five to ten letters a month. A few write in anonymously to complain about the broadcast of political programs. They want music instead, or object to politics in principle. No one gives opinions on political problems. Opinions are confined to program preference of musical selections. But there is an encouraging note in the station's education programs.

"The working class of Germany is becoming more and more interested in features of this type. But they want to be sure these programs are presented in an interesting manner," Mueller said.

### KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of po and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### Polish Industry Faces Trouble

Warsaw, Poland—(P)—The Polish government claims all basic industries still are exceeding monthly production targets, but apparently all is not well behind-the-scenes. Trials of factory directors and managers for "economic sabotage" are becoming more frequent.

Communist newspapers are criticizing those workers who lag in filling their production "norms" or targets.

Government officials are demanding an end to "wasteful" industrial practices. At a national savings conference in Warsaw, 1,000 directors of industries and trades union officials, were told they must save \$287,500,000 on production costs this year.

Such incidents as these have become almost a daily occurrence somewhere in Poland.

A military tribunal in Katowice recently sentenced five industrial plant managers to four to 10 years imprisonment for selling coal to private enterprises. Another tribunal announced it would shortly try six high officials of a state brick factories combine on charges of sabotage.

The government recently ordered a 10 percent general boost in wages. But throughout the country, many workers complain wages have failed to keep pace with increased living costs.

# FINAL NOTICE

## REMODELING STARTED

We have been informed by the contractors that they are ready to start remodeling of our new store. Due to the fact that we have been delayed on the opening of our new store there is now 1949 merchandise pouring into our show room which was intended for our opening. With no warehouse space for storage we are forced to liquidate new merchandise to make room for remodeling program. Merchandise such as Zenith radios, Norge refrigerators, gas ranges, electric ranges, water heaters, washers and other items you will be proud to own. Never again will the people of Jacksonville have such opportunity to purchase merchandise at such savings.
